A-P-T Research, Inc. Makes the Inc. 5000 List Again

Huntsville, Ala. - A-P-T Research, Inc. (APT) is proud to announce placement on the Inc. 5000 List again. The list represents the most comprehensive look at the most important segment of the economy—America's independent entrepreneurs. This is the 5th time APT has made the Inc. 5000 list in the last 6 years and therefore achieved the additional distinction of being added to the Inc. 5000 Honor Roll. The 2013 Inc. 5000 List measured revenue growth from 2009 through 2012.

A-P-T Research, Inc. (Analysis, Planning, Test Research) is an employee-owned, small business, headquartered in Huntsville, Alabama, which provides professional engineering services in a variety of disciplines including systems engineering, test planning, test execution, risk assessment and analysis, test planning, range safety, system safety, software system safety, explosives safety, industrial and quality engineering, quality assurance, mission assurance, Independent Verification and Validation (IV&V), software development and modeling, and related areas. APT also has an office in Cocoa Beach, Florida and one of APT's largest contracts supports the NASA Kennedy Space Center with Safety and Mission Assurance Support.
